PROFESSIONAL EXPERIENCE

Stack Builders

Stack Builders (June 2022 – Present)

UI/UX Designer

- Led the design of intuitive and visually appealing user interfaces for both internal and external software solutions, ensuring a seamless and engaging user experience.
- Conducted usability testing and design audits to identify pain points and optimize interfaces for improved accessibility and user retention.
- Collaborated closely with developers, product managers, and stakeholders to translate business goals into user-centered designs.
- Implemented scalable design systems and component libraries, streamlining development processes and ensuring visual consistency across platforms.

Solvit - Freelance

May 2024 - August 2024

UI/UX Consultant

- Spearheaded the complete redesign of a mobile application, refining the user experience and interface to ensure a smooth, engaging, and high-performing final product.
- Conducted an in-depth UX/UI audit to identify usability issues and optimize the design.
- Implemented a refreshed design incorporating brand identity and an improved user flow.

Universidad Internacional del Ecuador

Feb. 2021 - May 2022

Visual Designer
